

MEDICAL APPRAISER MASTERCLASS & REFRESHER TRAINING

Supporting the ongoing professional development of Medical Appraisers

Wednesday 3 October | Royal College of Psychiatrists, London UK

An insightful full day masterclass and refresher training course, facilitated by a highly experienced Medical Appraiser.

Our Appraiser masterclass focuses on real life scenarios with practical interactive sessions to ensure that existing Medical Appraisers remain up-to-date with current and new legislative requirements in support of Appraisal and Revalidation, including;

- Key things that even experienced Appraisers fail to do
- Topical issues including the Bawa Garba case
- Limits of Confidentiality
- Use of Appraisal Information in FTP/Criminal Cases and disputes/ employment tribunals and arbitration
- An in-depth focus on practitioners with conditions attached to their practice and management of remediation plans
- In-depth focus on Reflective practice
- Knowledge and experience sharing with peers

COURSE STRUCTURE

One Day: 9:00 – 4.30

LEARNING OBJECTIVES:

At the end of this course all participants will have:

- Updated their knowledge of developments in Appraisal and Revalidation
- Increased their confidence in dealing with difficult appraisals.
- Practised and enhanced their Appraisal skills
- Had a chance to network with and gain support from other Appraisers

COURSE FEE
